Projects

- **Cave Hostels:**
  Cave is a modern, user-friendly accommodation platform primarily targeting students and young people. It aims to be more than just a listing service, it functions as a curated and trusted portal for finding hostels, rentals, hotels, part-times and hotspots near universities and in key city locations.
- **ImageCartoonify:**
  ImageCartoonify is a lightweight web tool built with HTML and JavaScript that converts photos into cartoon-style images using edge detection and smoothing filters.

Internships

- **IIDT Blackbucks Fullstack:**
  Completed a Full Stack Development certification, gaining hands-on expertise in building dynamic web applications across both frontend and backend technologies.
- **IIDT Blackbucks Android App Development:**
  Completed an internship in Android app development, gaining hands-on experience in building, testing, and deploying mobile applications.

Certifications

- **Python Foundation:** Earned Certification in Python Programming, covering core concepts, problem-solving.
- **DevOps Foundation:** Certified in DevOps fundamentals, focusing on CI/CD, version control.
- **AI Foundation:** Certified in AI foundations, covering machine learning, neural networks.
